The best seats for the new production of "The Hip Hop Nutcracker" are in the lower loge, offering the best view and acoustics. They are on sale for \$50-\$100.

For every ticket purchased by NoMAA supporters half of the money will go to NoMAA. The other half will help pay for SONOS Chamber Orchestra, the Washington Heights-based ensemble that will play live during the performance. And since the production is being produced by the United Palace of Cultural Arts, every

ticket sold really supports three great uptown arts organizations.

And we'll even waive the service fees!
